Mr Ed. Gottlieb
1537 Chestnut St.
Phila. 2 Pa.

Dear Gottlieb:

First of all I am enclosing McCrays check. It was not sent on time due to an oversight. As long as he comes to you for advances, I will send the check in care of you as agreed.

Next this will confirm the date of Thursday Aug. 30th, when we will play in Shibe Park Phila. instead of Lebanon Pa.

Next about getting in more games. I am glad the teams at last seem to want to play some more games. Abe suggest, and I agree with him, if after this week end, the teams are so close that a game or so will make a difference in the final standings, we should play them during the week after Labor day. This would certainly make the crowd much bigger, and it will be the simplest way to handle it. It seems so ironical the fact that we said at the schedule meeting we would arrange to play at least five games with each team, and any team that did not have that many games should arrange for them, then when I did arrange for one the team involved refused to call it a league game. Now when a game or so means a team may have a chance to win with it any games that team plans is alright. What a league.

Next about the Labor day week, I am leaving it in your hands. Abe said he would just as soon have The Cows that night, but I think I could use them the Tuesday night just as well. Plan something for that Friday night also. My suggestion about playing any games that mean a change in the standings that week, should be given some thought also. I would like to get it straightened out in the next day or so, in order to get the window cards out for as long as possible. Will be looking to hear from you.

Very Truly Yours
